

Troy University is particularly proud of its financial aid programs. The University attempts to provide financial assistance to the maximum number of students possible. We recognize that in many instances students and/or parents are simply not able to meet the entire cost of a college education; consequently, the university participates in a variety of financial aid programs. The programs are comprehensive in nature and range from scholarships to work study.

Approximately 70 percent of our students receive some form of financial assistance. Students are expected to be prepared with sufficient funds for maintenance, books and supplies for at least two weeks. Credit balance refunds are not issued until after the second week of classes.

Philosophy

It has been recognized that the cost of attending institutions of post-secondary education is greater than many families can handle alone. It is the philosophy of the financial aid office that no one should be denied a post-secondary education due to a lack of funds. Although it is primarily the responsibility of the student and/or family to pay college costs, this is not always possible. In such cases, the student should apply for financial aid to supplement family resources.

Parents/students should compare their award letters to our published Cost of Attendance (COA) to determine if sufficient funds are available for 100% of tuition, fees, room, board, books and supplies.
